

# ARCTIDRY

## Liquid Desiccant Air Conditioning

New Capabilities.  
Proven Performance.

## NEW FEATURES & ENHANCEMENTS

- **Heat pump** with operation down to 10°F and ISCOP2 of 5
- **Extended CFM range**, up to 4000 CFM on A Cabinet and 8000 CFM on B Cabinet
- **Expanded compressor capacities**, up to 60 tons
- **Powered exhaust** for enhanced ventilation control
- **Side return** simplifies integration
- **Internal cabinet coating options** for demanding environments
- **Expanded winter heating options**, including 10:1 turndown gas heaters
- **65kA SCCR option** for industrial and critical facilities

## PERFORMANCE THAT PAYS BACK

- ISMRE2 efficiency rating as high as 12 lbs/kWh
- Lower electricity consumption by up to 50%
- Supply air dewpoints as low as 35°F
- 0-3 year payback

## PROVEN RELIABILITY

- Installs like conventional packaged HVAC equipment
- Easy to operate and maintain
- Remote monitoring standard on every unit
